

Disney PERFORMING ARTS

DANCE

WEST COAST AAU JUNIOR OLYMPIC GAMES ~
DANCE
DISNEY DAY- JULY 12, 2017
DANCE WORKSHOP

Disney Performing Arts Workshops are Disney designed programs that teach performing arts students concepts in music, dance and theatre. The hands-on 1 ½ hours session will enrich the value of students visit by providing students with a feel for what it's like to be a professional performance artist — from the preparation and skill-development stages to rehearsing and performing. And it is done the Disney way, with a special touch of magic.

The workshops are facilitated by accomplished entertainment professionals who are experts in their disciplines and with Disney credit to their names. The workshops are held at various backstage locations at the Disney Parks depending on type of workshop, group size and availability.

Led by professional Disney show directors and choreographers, these 90-minute high-energy workshops give dancers the opportunity to shine as they learn a Disney production number! Each ensemble receives valuable critique and learns the importance of the individual contribution to the overall success of the group, as they build toward a final performance. The students' efforts are rewarded at the end with a surprise review of their recorded pieces.

National Core Arts Standards - Disney Performing Arts Workshops fulfill many of the standards set forth in the National Core Arts Standards in which students create, perform, respond, and connect.

WORKSHOP & GUEST TICKETS

Each Participant package includes one workshop at either *Disneyland® or Disney California Adventure® Park, one commemorative gift per Participant, and Theme Park admission. *Choice of Park depends upon availability on date of event.
